

## **August Special Offering: Aid to the Immigrant: Yolo Interfaith Immigration Network (YIIN)**

**The Yolo Interfaith Immigration Network, or YIIN**, is a nonprofit organization that works with various agencies to assist immigrants and refugees. YIIN's goal is to serve as many people in the Yolo immigrant community as possible, varying their programs to meet the needs of different areas. For instance, in 2020 YIIN launched a new program called ApoYolo which provided rental and food assistance to immigrants who lost their jobs during COVID. Before the program ended in Fall 2021, ApoYolo and YIIN were able to raise and distribute more than \$300,000 and ensure that no family lost its housing or lacked food support. Continuing YIIN activities include aiding immigrants in understanding and utilizing county programs, as well as supporting "Dreamers" by providing DACA renewal fees. Additionally, advocacy for the immigrant community continues to be an important part of YIIN's work. Please give generously to this valuable local program. <https://www.yiinyolo.org>
