

This month's special offering goes to **World Relief**, ([worldrelief.org](http://worldrelief.org)) a global Christian humanitarian organization whose mission is to engage the world's greatest crises in partnership with the church and local community organizations.

World Relief works extensively with refugees in the United States (including in Sacramento) by providing humanitarian assistance, trauma counseling, legal services, and help finding jobs and housing. They also provide emergency relief in response to crises and disasters around the world, which currently includes Ukraine, Haiti, Gaza/Palestine, Sudan, and the US-Mexico border. In each of these places, they provide food, clean water, medicine, hygiene resources and other urgent needs.

From their website:

*Amid unprecedented human suffering and displacement, the need to respond is urgent. At World Relief, we feel this urgency and need your help to respond.*

*Together, we can relieve suffering today and build a future where whole communities are transformed through the restorative power of Christ — where families thrive, churches are strengthened and communities flourish.*
