

Special Offering for September: VIM India

Church member Mary Philip has led a number of VIM (Volunteers in Mission) trips to India over the years and, as a result, our church has developed an ongoing relationship with several organizations and programs in India. All of these programs empower communities and transform lives.

Your contributions support these organizations in particular:

CORP, which includes Sharanam School for Girls, as well as a wide range of educational, childcare, elder care, and work-training programs in Mumbai. (<http://corpindia.org/>)

ASHA, which provides healthcare, educational opportunities, and community empowerment in the slums of Delhi. (<https://asha-india.org/>)

The Comprehensive Rural Health Project in Jamkhed, a model health program with a tremendous impact in India. (<https://www.crhpinidia.org/>)

Thank you for your faithful giving to VIM India.
