

December Offering: Helping the Unhoused Davis Community Meals and Housing

For I was hungry, and you gave Me something to eat; I was thirsty, and you gave Me something to drink; I was a stranger, and you invited Me in. Matthew 25:35-45

This month's special offering will go to one of the most important organizations in Davis that cares for the unhoused: **Davis Community Meals and Housing** .

Davis Community Meals and Housing is a local non-denominational organization that provides shelter, food, support services, and HOPE to low-income and homeless individuals and families. DCMH has a variety of programs including: transitional, bridge, and family housing, a resource center and day shelter, permanent supportive housing, an employment program, and street outreach. They also provide meals for low-income people at St. Martin's Church. Their help to our unhoused neighbors is invaluable and they need all the financial support we can give them. Please give generously to this vital local organization.
