

In honor of Earth Day, April's Special Offering goes to two environmental groups:
Cool Davis and California Interfaith Power & Light (CIPL).

Cool Davis is a community-based organization dedicated to reducing greenhouse gas emissions, supporting climate resilience, and enhancing quality of life in Davis. It works closely with the City of Davis, schools, faith communities (including DUMC), nonprofits, and local businesses to advance the city's sustainability goals and address the climate crisis. <https://www.cooldavis.org>

California Interfaith Power & Light (CIPL) is a network of more than 700 California congregations of all faiths, including DUMC, that are committed to addressing climate change. CIPL responds to the climate crisis as a moral issue with the understanding that we all have a responsibility to protect our precious Creation for our children and future generations <https://www.interfaithpower.org>

In honor of Earth Day 2026 please give generously to these important and effective groups.
